

TC connector type K ye

Artikelnr.: 809150 2001

TC connector type K ye with glass fiber filled plastic housing. Perm. range °C to max. 220°C. Suitable for thermocouple Type K, NiCr-Ni (yellow according to ANSI).

Technische Daten	
Suitable for	Type K, NiCr-Ni (yellow according to ANSI)
Dimension (L/W/H)	35 / 25 / 13
Perm. range °C	max. 220°C
Housing	Glass fiber filled plastic
Conductor diameter	Clamps up to 1.6 mm Ø, max. cable diameter 8 mm
Electrical connection	from solid material, original thermocouple materials
Reverse polarity protection	due to different contact pin diameters
Scope of delivery	TC connector type K ye, packed in PE bag
