

TC connector type L

Artikelnr.: 809150 5000

TC connector type L with glass fiber filled plastic housing. Perm. range °C to max. 220°C.
Suitable for thermocouple Type L, Fe-CuNi (blue according to DIN 43710 (withdrawn)).

Technische Daten	
Suitable for	Type L, Fe-CuNi (blue according to DIN 43710 (withdrawn))
Dimension (L/W/H)	35 / 25 / 13
Perm. range °C	max. 220°C
Housing	Glass fiber filled plastic
Conductor diameter	Clamps up to 1.6 mm Ø, max. cable diameter 8 mm
Electrical connection	from solid material, original thermocouple materials
Reverse polarity protection	due to different contact pin diameters
Scope of delivery	TC connector type L, packed in PE bag
